

**Western Pennsylvania
Premier Live Entertainment,
Event Management and
Consulting Services Company.**

EVENT PLANNING

We take time, up front, to understand what our clients desire for their events; we properly match your ideas with the resources and talents available to us. We make sure the people attending your events are getting the type of entertainment they enjoy.

EVENT CONSULTATION

Need new ideas? Would you like some creative and technical help? We offer consulting services based on years of experience in live entertainment and concert events.

EVENT PROMOTION

We utilize several means of promotional advertising, including radio, television, print and internet. Our graphics and technical capabilities are available to create professional web sites, logos, flyers, posters and event merchandise.

EVENT MANAGEMENT

Proper management is the difference between success and failure of an event. We are actively involved in all aspects of your events. Your success is our success. We only work with the best, we provide the best, and we are the best in the area

Rockin' PA

There is nothing like live music to make your event a solid success.

Whether you require sound, talent, staging, production crews, promotional assistance or just advice, we have everything you need, including links to great local talent.
